

ITEM 1: COVER PAGE

**Seizert Capital Partners, LLC
185 Oakland, Suite 100
Birmingham, MI 48009
248-593-1500**

www.seizertcapital.com

This Form ADV, Part 2 “Disclosure Brochure”, or “Brochure” provides information about the qualifications and business practice of Seizert Capital Partners, LLC (“us”, “we”, or “Seizert”). If you have any questions about the contents of this Brochure, please contact Cheryl A. Kotlarz, Chief Compliance Officer (CCO) at the telephone number above, or the following email address: **ckotlarz@seizertcapital.com**.

The information in this Brochure has not been approved or verified by the United States Securities and Exchange Commission or by any State Securities Regulatory Authority. Seizert Capital Partners, LLC is a registered investment advisor. Registration of an Investment Advisor with the United States Securities and Exchange Commission or any state securities authority does not imply a certain level of skill or training.

Additional information about Seizert Capital Partners, LLC, is also available on the Security and Exchange Commission’s website (Investment Adviser Public Disclosure) at **www.adviserinfo.sec.gov**. Our searchable IARD/CRD number is 108954. Our Brochure is available free of charge to any interested party by contacting us by email at **info@seizertcapital.com** or by phone at 248-593-1500.

ITEM 2: MATERIAL CHANGES

This section provides clients with a summary of any material changes that have been made since the last delivery or posting (at the SEC's public disclosure website www.adviserinfo.sec.gov) of our last Brochure. The date of the last annual update of this Brochure is February 23, 2016.

The following changes have been made to this Form ADV Part 2A since our last annual amendment dated February 23, 2016:

Affiliated Hedge Funds

Seizert managed two Hedge Funds; Prosper Associates LLC, and Prosper Long Short Fund LLC. Both funds are closed and final distributions were completed in the first quarter of 2016.

Sub-Advisor to a Registered Investment Company (Mutual Fund)

We served as the sub-advisor to the WHV/Seizert Small Cap Value Equity Fund (the "Mutual Fund"), which was a registered investment company in a series of the WHV family of mutual funds. On February 26, 2016, the Board of Trustees of the WHV family of mutual funds approved a plan to liquidate and terminate the Mutual Fund. The Mutual Fund ceased accepting purchases on March 4, 2016. The Mutual Fund was liquidated and all outstanding shares were redeemed on or about May 2, 2016.

Additional Information

Currently, our Brochure is available free of charge to any interested party by contacting us by email at info@seizertcapital.com or by phone at 248-593-1500. Additional information is also available via the SEC's web site www.adviserinfo.sec.gov. The SEC's web site also provides information about any persons affiliated with us who are registered, or are required to be registered, as one of our investment adviser representatives of our firm.

ITEM 4: ADVISORY BUSINESS

Seizert Capital Partners was formed in 2000. In November 2014, Northern Lights Midco, LLC, an affiliate of one of our then partner, Pacific Current Group, purchased our outstanding membership interests and became the majority owner of our firm.

We are principally owned (25% or more) by NL Midco, LLC. Our portfolio managers, Gerald Seizert, Edward Eberle, David Collon, and Thomas Kenny collectively own more than 25%.

Seizert provides discretionary portfolio management services for the following types of Clients:

- Institutions (other than individuals)
- High Net-Worth Individuals
- Collective Investment Trusts

Institutional Clients

The investment needs of our institutional Clients are as unique as those of our high net worth individuals. We are equity asset managers and our institutional Clients look to Seizert to provide expertise as a specialized manager in equity securities (Please see Item 8).

Our institutional Clients typically (but not always) come to Seizert with their own Investment Policy Statement (IPS), prepared by the institution or through an institutional investment consultant, un-related to Seizert. We assess your IPS, note any investment restrictions and execute a strategy (or combination of our strategies) best suited to meet your investment goals or objectives. As is the case with all of our services, we purchase, sell, or hold individual equity securities as we determine appropriate for your specific needs and circumstances. This includes your cash flow needs, time horizons for benefit payments, etcetera that vary from institutional investor to institutional investor.

High Net-Worth Portfolio Management Services

In providing portfolio management services to Individual High Net-Worth Clients, we gather information regarding your personal financial information through meetings with you or your representative. Typically, we ask about your personal and family obligations, net worth, income and tax information, investment goals and objectives, tolerance for risk, time horizons, cash flow needs and any investment restrictions. We will use the information you provide to us in determining your investment goals and needs which then govern our management of your account(s). Of course, if changes occur to your personal circumstances, you are requested to notify us as soon as possible. Examples include but are not limited to the following: divorce, marriage, death in the family, birth of a child, grandchildren, charitable desires, retirement, loss

of a job, etc. All may have an impact on your finances, your investment objectives and, accordingly, our management of your account.

We focus on you as a Client, distinct from any of our other Clients. We emphasize individualized attention to your assets and investment needs. We manage Client accounts on a discretionary basis which means all investment decisions are made by us. We tailor our services to meet the individual needs of each Client. At your request, we will review any of our decisions with you and/or your other professional service providers (for example, other financial advisors, financial planners, attorneys, or accountants).

As described under Item 8 below, there are a number of strategies we may utilize in the management of your assets, based on your individual needs. We may combine one or more strategies as appropriate based upon your investment objectives.

Sub-Advisory Relationships

Separately Managed Accounts

Seizert provides sub-advisory services on a discretionary basis to certain Clients who are obtained through unaffiliated investment advisors. We will place all orders for the execution of all purchase and sale transactions for the Clients in these platforms (see Item 12). Generally, the sponsor of the program will provide the Clients with all servicing including but not limited to execution, recommendations, monitoring of Seizert, and reporting.

Unified Managed Account Programs

Seizert provides investment advisory services to a number of investment advisors. Seizert is party to certain arrangements known as unified managed account (“UMA”) programs where the UMA sponsor offers its Clients discretionary management of all or a portion of their accounts in the UMA program based on one or more investment objectives, styles or strategies (“Strategy”) offered by affiliated and unaffiliated investment advisors.

Through agreements for each UMA program in which Seizert participates, Seizert provides the UMA sponsor with a Model Portfolio for a particular Strategy. The UMA sponsor retains full discretion to accept, modify, or reject Seizert’s recommendations as reflected in the Model Portfolio and the UMA sponsor will place all orders for the execution of all purchase and sale transactions for its UMA program Client accounts. Under each UMA program, program Clients are Clients of the UMA sponsor and are not Clients of Seizert. The UMA sponsor (not Seizert) is responsible for determining whether a particular investment continues to be appropriate for a program Client.

Collective Investment Trusts (CIT)

Collective investment trusts are a bank-administered trust in which the bank acts as the trustee and a fiduciary for the CIT and holds legal title to the trust assets. Seizert is retained by the trustee to manage the assets in the CIT. Seizert is the investment adviser to two CITs; the Mid Cap Equity CIT and Large Cap Value CIT. Seizert provides discretionary investment management to the CITs. CITs are available only to qualified retirement plans, such as 401(k) plans and governmental plans.

Assets under Management

As of December 31, 2016, Seizert Capital Partners had an aggregate \$ 3.2 billion in assets under management and advisement. Discretionary assets under management represented \$ 3.0 billion and advisory-only assets represented \$ 215 million.

ITEM 5: FEES AND COMPENSATION

Our fee schedules vary by the type of Client to whom we provide our portfolio management services as described under Items 4 and 8 within this Brochure.

Each fee schedule is described below.

High Net-Worth Portfolio Management Services

Our standard, annual asset based fee schedule for High Net Worth Clients is:

Assets Under Management	Annual Fee
First \$5 million	1.0% (one hundred basis points)
\$5,000,001 to \$25 million	0.75% (seventy-five basis points)
\$25,000,001 to \$50 million	0.50% (fifty basis points)

This is a tiered fee schedule. We reserve the right to negotiate the fee schedule on all assets under management with us. We do not impose a minimum account size; however, we recommend a minimum account of \$1 million. We do not impose a minimum annual fee.

Fee Payment:

You agree to pay our fees as specified in the advisory agreement we have with you which may be:

- On either a monthly or quarterly basis
- In advance or arrears of the service
- Through direct debiting of the fee from your custodial account, by check or ACH deposit.

For accounts opened or closed during a calendar month or calendar quarter, you will pay us fees for the number of days during the time period our services were provided. If you pay fees in advance of the service, we will refund unearned and pre-paid fees through the date of termination.

Our preference is to charge advisory fees after the service was provided (in arrears). However, if you request we will bill our fees in advance, based on the inception value of the account and at the beginning of each calendar month or quarter, we will agree to this request.

Investments in Funds:

We occasionally recommend that a Client invest assets in shares of the CIT which we advise. As a shareholder of the CIT your investment will be subject to advisory fees (and other expenses) paid by the CIT but ultimately charged to you in accordance with the disclosures for the CIT. If you invest in the CIT based upon our recommendation, we will not charge our standard advisory fee on those assets because you will pay fees in the CIT.

Direct debiting:

We prefer to have you authorize us to deduct the payment of our advisory fees directly from your account at your third party, independent and qualified custodian (bank, broker, or trust company).

When directly debiting our fees, we send your custodian a debit request in the amount of the fees due to us for the time period. We send to you a statement that shows the fee, the assets on which the fee is based, and the amount of the fee payable for the time period (which is the amount we request from your custodian).

Pay by Check and ACH deposit:

We send you an actual invoice as described above under direct debiting. Payment is requested within 30 days of the date of the invoice.

Valuations for Fee Calculation and Performance Purposes:

You should receive, at least quarterly but generally monthly, a statement directly from your custodian. This report will identify all holdings in your account, all debits, and credits during the period. It is critical that you notify your custodian or Seizert if you do not receive your statement directly from your custodian.

In addition, you may notice differences in the total value of your accounts as reported by Seizert when compared to your custodial report values. This is often due to differences in the receipt of dividends or other account related income and may include accrued interest due or payable. In addition, there may be pricing differences between the values reported by your custodian and those values we obtain through our pricing providers. We utilize, to the fullest

extent possible, recognized and independent pricing services and/or qualified custodians for timely valuation information.

For purposes of fee and performance calculations, we utilize our portfolio values and not your custodians unless you direct us otherwise in writing. However, your custodian is the official record-keeper for capital gain and loss information you use for tax reporting. Seizert's gain/loss reports are provided for your convenience and as a guide only.

Termination:

As stipulated in the agreement we have with you, either party may terminate the portfolio management agreement with 30-days written notice by one party to the other. Fees due and payable will be invoiced through the date of termination; pre-paid and unearned fees are promptly (within 30 days) refunded to you. Termination policies for Institutional Clients may vary by account.

Institutional Clients

For institutional Clients, fees are charged by strategy as indicated below. Fees are negotiable for each strategy based upon a number of factors, including but not limited to:

- Account size
- Potential for future contributions
- Historical relationship
- Related accounts
- Reporting requirements, travel and other variables
- Investment Strategy selected

Strategy	Annual Fee Range
Core Equity, Large Cap Value and Concentrated Equity	45 to 65 basis points
Mid Cap Equity	50 to 75 basis points
Small Cap Value and Small/Mid Cap Equity	50 to 100 basis points
Micro Cap Equity	100 to 125 basis points

Fee calculations, direct debiting, valuation and termination provision are the same for Institutional Clients as for High Net-Worth Clients. Please see the disclosure above for those details. We do not impose a minimum account size to open an institutional account; however, we recommend a minimum account of \$5 million. We do not impose minimum annual fees.

Sub-Advisory Services Fees

Seizert does not maintain a standard fee schedule for services to unaffiliated investment advisors to which Seizert provides models or where it manages accounts as a sub-advisor. Actual fees are individually negotiated and vary dependent on a number of factors such as the

particular circumstances of the Model Portfolio Advisor, the size of the portfolios, the portfolio's asset allocation, or differing levels of servicing.

Collective Investment Trusts (CIT)

Seizert is paid a sub-advisory fee based upon the assets we manage for the Comerica Collective Funds. The fee is defined and paid to us as documented in the written sub-advisory agreement we have with Comerica Bank and Trust.

As a sub-advisor, Seizert is paid an asset based fee which may be higher or lower than the fees charged to non-CIT (Institutional Clients) as described above for the same strategy (45 – 75 basis points).

General Information on Advisory Services and Fees

Family & Friend Accounts: We may provide members of our families or friends of Seizert the same services for no fee or for fees lower than those charged to Clients that are not related. These fees are not available to our general Clients.

Other Fees/Expenses:

High-Net Worth and Institutional Clients – the advisory fees you pay to us do not include the commissions or custodial fees you pay your third-party qualified custodian.

In addition, you pay other fees which include but are not limited to the following:

- Brokerage commissions charged by third parties (we do not participate, directly or indirectly in these commissions, except as disclosed in this Brochure – see Soft Dollar disclosures)
- Transaction fees, including mark-up or mark-downs on principal transactions for dealers who make a market in the securities we purchase or sell for your accounts
- Advisory and administrative fees charged by mutual funds and ETFs held in your account, including money market funds, which are disclosed in each fund's prospectus
- Custodial fees
- Deferred sales charges (if applicable)
- Odd-lot differentials
- Transfer fees
- Wire transfer and electronic fund fees, and
- Fees, including taxes on brokerage accounts and securities transactions

ITEM 6: PERFORMANCE-BASED FEES AND SIDE-BY-SIDE MANAGEMENT

Because Seizert's portfolio managers provide services to other sub-advisory Clients, and separately managed accounts several conflicts may arise:

- We have two institutional Clients for whom we charge an asset based and performance based fee. Performance based compensation arrangements entitle Seizert to additional compensation based upon investment performance. Typically, our performance-based fees are based upon a specific level of performance in an account and include both realized and unrealized gains, losses and “high water marks” which include the capture of previous losses before a performance-based fee can be charged. The prospect of receiving higher compensation through a performance fee rather than from an account with traditional, asset based fee structures creates a conflict of interest for Seizert, because differences in the fee arrangements provide Seizert with an incentive to favor individual account with a performance fee over other accounts when, for example, placing securities transactions that Seizert believes could result in more favorable performance.
- In the course of managing, the separate accounts may take different positions in the same or related securities for different Clients. It is possible that Seizert could, in theory, sell certain securities short for one Client account, while another advisory Client account holds the same or related securities long.
- It is also possible that real, potential, or apparent conflicts of interest may arise when a portfolio manager has day-to-day investment responsibilities with respect to more than one of our types of Clients (i.e., separate accounts, or sub-advisory services). For example, a portfolio manager may have conflicts of interest in allocating management time and resources among the different Clients he advises.
- In addition, each of our types of Clients may have investment objectives, strategies, time horizons, tax considerations, and risk profiles that differ from one another. The portfolio managers may make investment decisions for each type of Client, based on factors such as investment objectives, policies, practices, benchmarks, cash flows, tax implications, and other relevant investment considerations applicable to that particular Client. Consequently, the portfolio managers may purchase or sell securities, including those issued in initial public offerings (“IPOs”), for one Client or type of Client and not another Client or type of Client, and the performance of securities purchased for one Client or type of Client may vary from the performance of securities purchased for other Clients or types of Clients.

We have adopted and implemented policies and procedures, including those for trade rotation and trade allocation, which are designed to treat Clients fairly and equitably over time. Please see Item 12 (Brokerage Practice) for more information. In addition, we monitor a variety of areas, including compliance with Client guidelines, the allocation of IPOs, and compliance with the firm’s Code of Ethics. Although Seizert does not track the time a portfolio manager spends on a single account, Seizert does periodically assess whether a portfolio manager has adequate time and resources to effectively manage his various Client mandates.

Allocations of IPO's or other limited securities reflect numerous factors based upon the portfolio manager's good faith assessment of the best use of such limited opportunities relative to the objectives, limitations and requirements of the Client and applying numerous factors. We seek to treat all Clients reasonably in light of all factors relevant to managing a particular account, and in some cases, it is possible that the application of certain factors may result in allocations in which some accounts may receive an allocation when other accounts do not. Non-proportional allocation may occur more frequently in fixed income portfolio management than active equity portfolio management. The application of factors relevant to managing a Client account may result in allocations in which some Seizert Client accounts receive an allocation or opportunity not allocated to other Seizert Client accounts. Allocations are based on numerous factors and may not always be pro rata based on assets managed.

In making allocation-related decisions, our portfolio managers consider a number of factors, including cash availability and liquidity considerations, account investment horizons, investment objectives and guidelines; Client-specific investment guidelines and restrictions; the ability to hedge using short sales, futures, options or other techniques; suitability requirements and the nature of investment opportunity; account turnover guidelines; different levels of investment for different strategies; tax sensitivity of accounts; relative sizes and expected future sizes of applicable accounts; availability of other appropriate investment opportunities; and minimum denomination, minimum increments, de minimis threshold and round lot considerations.

Seizert portfolio managers also consider suitability in making allocation decisions, including the investment guidelines of a particular account; concentration of positions in a Client account; the appropriateness of a security for the benchmark and benchmark sensitivity of an account; an account's risk tolerance, risk parameters and strategy allocations; considerations relating to hedging a position in a pair trade; and considerations related to giving a subset of an account's exposure to a particular industry.

ITEM 7: TYPES OF CLIENTS

As generally described in Item 5 above, we provide our discretionary portfolio management services to the following types of Clients:

- High Net-Worth Individuals
- Institutional Clients, including
 - Corporate pension and profit-sharing plans,
 - Charitable organizations
 - Corporations
 - State or municipal governmental entities
- Collective investment trusts
- Other registered investment advisers

Please see Item 5, above for recommended minimum account sizes for High Net Worth and Institutional Client accounts.

ITEM 8: METHODS OF ANALYSIS, INVESTMENT STRATEGIES AND RISK OF LOSS

Methods of Analysis

We have developed a disciplined process that relies on systematic and fundamental analysis to help us identify what we believe to be the most attractive opportunities. Our investment team uses this information to create portfolios that seek to provide strong up/down capture and long-term capital appreciation.

Our process seeks to find companies with low market expectations. We seek companies with a large gap between market perception and business reality – our best ideas are companies who may be out of favor in the near-term, yet have high quality management teams and solid balance sheets. We also embrace companies undergoing special situations, corporate action and/or complex companies with unique assets – we do not shy away from companies that may be out of favor in the near-term as short-term market biases may be contributing to undervaluation. Detailed below is SCP's investment process. Steps 2 and 3 are focused on valuation and creating price targets:

STEP 1: IDENTIFY (Three-Factor Ranking)

During the first step of the investment process, we run a weekly report based on various quantitative factors to narrow the field of candidates. The outcome of this step is a list of stocks that are attractive on a relative basis within each sector. This gives our portfolio managers the opportunity to narrow the field of candidates without excluding any companies from consideration. Portfolio managers also have a consistent starting point and way to observe changes in how the companies may rank over time.

Rank the universe of stocks greater than \$20 million on three specific dimensions:

- Valuation
- Quality
- Market Reaction

STEP 2: ANALYZE (Fundamental Research)

Our investment team conducts comprehensive fundamental analysis to evaluate companies within the core tenets:

- Core Competency-- Does the company exhibit an understandable business model that has predictable long-term plans? Seek companies with:
 - Understandable business
 - Predictable and favorable long-term prospects

- Low technology/ fashion obsolescence
- Financial Strength-- Does the company have a strong balance sheet and generate free cash flow? Look for companies with:
 - Superior long-term profitability, typically a premium to the market
 - High return on invested cash flow
 - Earnings quality
 - Balance sheet strength
 - Free cash flow generation
 - Debt coverage
- Competitive Advantage-- Do the products and/or services have a clear long-term advantage over competitors? Find companies that show:
 - Distinguishable product or service
 - Durable advantage over the long-term
 - If no competitive advantage; company must be a low-cost operator
- Favorable Management Behaviors-- Does the company employ a trustworthy management team and practice shareholder-friendly behaviors? Seek companies exhibiting:
 - History of success
 - Dividend increases
 - Accretive share repurchases
 - Consistent communication
 - Conservative expansion
 - Accretive acquisitions
 - Stable accounting practices

Using a consistent checklist based on these indicators, the team looks for various quantitative and qualitative measures to determine overall valuation of each candidate.

STEP 3: Build (Portfolio Construction)

Portfolio managers and Analysts meet to establish probability-weighted price targets to guide decision making and build concentrated portfolios. Price target are established using three scenarios:

- Optimistic
- Base case
- Pessimistic

These price targets are averaged with an assigned probability to each scenario. Other considerations include the stock's liquidity, diversification, and alternative investment opportunities. The different scenarios are used to guide decisions related to position size as well as purchases and sales of each stock. Portfolio Managers and Analysts review investment theses and probability-weighted price targets on a quarterly basis or as new information is available.

Decision Making:

All members of the investment team and portfolio management team participate in idea generation and research of potential candidates. Once a candidate has moved to step 3 (BUILD) Portfolio Managers work on probability-weighted price targets and are responsible for final decisions about what holdings to add to the portfolio. When constructing portfolios, the team remains cognizant of:

- Holdings with an investment time frame of generally 2-3 years
- Viewing risk as permanent loss of capital and do not explicitly constrain the portfolio to any systematic risk factors
- Building concentrated positions in companies, industries, and sectors that are fundamentally and quantitatively attractive
- Focusing on the opportunity not the index
- Willing to meaningfully underweight or have little-to-no exposure in industries or sectors that do not provide attractive risk adjusted returns

By diligently following our investment process, we ensure that all holdings are reviewed and that portfolios are constructed with the appropriate weight.

Sources of information: Our investment team uses several sources of information when analyzing securities and making portfolio recommendations. These sources include:

- Annual reports
- SEC filings
- Company press releases, and
- Research materials provided by broker dealers (soft dollar research and brokerage services as described below in this Brochure; such services may be proprietary to the broker providing the services or third party research offered by the broker)

We utilize an investment team approach to oversee our investment decisions. The investment team uses a number of data points to evaluate and make purchase, sale, ranking and related decisions. We offer our Clients the opportunity to invest in one or more of our strategies as indicated below. Of course, the strategies may be customized to meet your specific needs, goals, or objectives. This could include a combination of our strategies.

Investment Strategies

The following strategies are offered to all Clients (High Net Worth, Institutional, and Sub-Advisory Relationships):

Core Equity: The Core Equity strategy is a dynamic allocation of large value, large growth, mid value, mid growth, small value and small growth driven by our bottom up selection process. Companies with market capitalizations over \$1 billion are combined to provide a diversified portfolio of 30 to 55 holdings. The benchmark for this strategy is the S&P 500 Index.

Large Cap Value: Large Cap Value focuses on companies with market capitalizations within the range of the Russell 1000 Value Index. The companies are combined to provide a well-diversified portfolio of 30 to 55 holdings. The benchmark for this strategy is the Russell 1000 Value Index.

Mid Cap Equity: Mid Cap Equity focuses on companies with market capitalizations within the range of the Russell Mid Cap Index. These companies are carefully combined to provide a relatively concentrated portfolio of 20 to 30 holdings. The benchmark for this strategy is the Russell Mid Cap Index.

Small Cap Value: Small Cap Value focuses on companies with market capitalizations within the range of the Russell 2000 Value Index. These companies are carefully combined to provide a diversified portfolio of 40 to 80 holdings. The benchmark for this strategy is the Russell 2000 Value Index.

Concentrated Equity: Concentrated Equity represents our “best” ideas and focuses on companies with market capitalizations over \$1 billion. These companies are combined to provide a relatively concentrated portfolio of 20 to 30 holdings. The benchmark for this strategy is the Russell 1000 Index.

Micro Cap Equity: Micro-cap focuses on companies with market capitalizations within the range of the Russell Microcap Index. These companies are combined to provide a portfolio of 40 to 80 holdings. The benchmark for this strategy is the Russell Micro Cap Index.

Small/Mid Cap (SMID): Small Cap Value and Mid Cap Equity strategies, investing approximately 40% in small cap holdings and 60% in mid cap. We seek to invest in stocks that exhibit high quality, financial strength, and low valuation characteristics relative to the benchmark. This strategy has a weighted average market capitalization of approximately \$5 billion. The benchmark for this strategy is the Russell 2500 Value Index.

The following strategy is only offered to High Net Worth Clients:

Small-Cap Core: Small-Cap Core focuses on stocks that are between \$200 million and \$2.5 billion in market capitalization and that we believe are significantly undervalued. The portfolio is broadly diversified and contains approximately 50 to 70 holdings, driven by our bottom-up, quantitative selection process. The benchmark for the Small-Cap Core strategy is the Russell 2000 Index.

Risk of Loss

Investing in securities involves risk of loss that you should be prepared to bear. There can be no assurance that any strategy or style can meet your specific objectives. We also provide what we believe are the primary risks for you to review as listed below.

Market Risk: The value of individual securities may decline in response to news and general economic conditions of domestic and international markets. Markets can also experience a decline in liquidity which can negatively impact security prices while increasing the difficulty to exit a position.

Security Selection Risk: Individual securities may decline in value due to negative news and fundamental developments specific to the issuer. The rationale for selecting the security either may not be correct or the market may not recognize the value.

Sector/Industry Concentration Risk: If our Concentrated strategy is used for your account, a substantial portion of your assets are concentrated in specific securities, industries, or sectors. Typical asset allocation is not present, which means the account could experience a decline in value due to negative news and events specific to that sector or industry. There is higher risk with concentrated accounts.

Portfolio Concentration Risk: We manage portfolios that are concentrated in fewer positions than the overall market and the corresponding index/benchmark. Given that diversification is lower, the impact of loss from an individual security may be significant.

Style Risk: The particular style of investing may be out of favor relative to other styles such as Value vs. Growth investing or small vs. large capitalization investing.

Foreign Securities Risk: Foreign securities may be subject to additional risks due to different economic and political environments, the degree of available information, different accounting and regulatory practices, and currency fluctuation impact. We typically use American Depository Receipts (ADRs) which are a type of security registration for foreign issuers to trade on US exchanges. We may from time to time trade securities on the Toronto (Canada) Exchange. Trading on a foreign exchange or in ADRs may subject you to additional fees or taxes that are not normally charged when trading in U.S. securities on U.S. exchanges.

Liquidity Risk: The ability to purchase or sell large positions of small cap or mid cap securities, due to possible low trade volume, may take time (days or weeks).

Margin / Leverage: When margin (borrowing of cash or securities based upon the portfolio value of your account) is used, there are additional costs. The use of margin causes the account to pay a fee for the “loan value” received on the margin amount used. You pay this as a Client. In addition, margin uses the current (long) portfolio position as collateral for the loan; if the market should turn negative, we may be forced to sell positions to cover the margin ratio as dictated by law and the broker’s agreement for margin; or, you may be required, in declining markets to contribute additional capital to cover margin collateral deficiencies. These costs and additional capital requirements, if applicable, may negatively impact the performance of your account.

ITEM 9: DISCIPLINARY INFORMATION

We do not have any disciplinary event to disclose to you under this item. Seizert, as an entity or any of our officers or directors (management persons) have not been a party in any legal or disciplinary proceedings.

We would disclose this information if these items applied to us as this would be material to your evaluation of Seizert and our principals.

Disclosure is required for:

- Criminal or civil actions
- Administrative procedures before the Securities and Exchange Commission (or any other foreign, federal or state regulatory agency); or,
- Proceedings by a self-regulatory association.

ITEM 10: OTHER FINANCIAL INDUSTRY ACTIVITIES AND AFFILIATES

We are owned by Northern Lights Midco, LLC. NL Midco also owns a number of other investment advisors and broker-dealers. We do not have a business relationship with any of our affiliates other than NLCG Distributors, LLC (NLCGD). NLCGD is registered as a broker-dealer and is under common control with us. We have entered into a marketing services agreement with NLCGD under which Pacific Current Group (PAC) provides us with various services, including business, marketing, and sales support.

In addition, PAC is compensated for Client referrals. Please see Item 14 (Client Referrals) for more information.

ITEM 11: CODE OF ETHICS, PARTICIPATION OR INTEREST IN CLIENT TRANSACTIONS AND PERSONAL TRADING

As a fiduciary to our Clients, we have adopted a Code of Ethics as required under the Investment Advisers Act of 1940 (Rule 204A-1).

Our procedures seek to identify and acknowledge:

1. the potential conflicts of interest that exist when we manage assets for you across our various strategies and allow our employees (personal, family or friends accounts) to transact in the same securities, and
2. The inherent conflicts across all areas of our business (data research, sales and marketing efforts, due diligence, etc.) that may impact or affect our unbiased judgment in providing services to our Clients.

As a result, our Code, along with other policies, is designed to:

- Acknowledge the actual and potential conflicts that exist
- Mitigate potential conflicts through policy, procedure and data monitoring
- Remind our employees of the high standard of care we expect as a fiduciary
- Remind our employees of their personal obligation to comply with the Code and its requirements (including knowledge of penalties that we implement upon non-compliance)
- Specifically impose policies, procedures and disclosures related to:
 - Personal Securities Transactions for each employee and members of their household and any “beneficially owned” account or asset (as that term is defined in the Code)
 - A prohibition on the misuse of material, non-public information on the issuer of any security (or, our own trading activity in securities)
 - Restrictions on political contributions as mandated by the Advisers Act (pay-to-play restrictions related to governmental agencies and political candidates who appoint or sit on the boards of city, county, state and federal governments)
 - Limitations on gifts given or received
 - Pre-clearance requirements for certain securities transactions by an employee
 - The filing of an initial holdings report with our Chief Compliance Officer upon hire and annually, thereafter (including members of the household and all beneficial ownership brokerage accounts)
 - The disclosure, on a quarterly basis, via data download or through duplicate confirmations and statements directly to our Chief Compliance Officer from the custodian of an employee’s account(s)
 - Monitor all “reportable securities” as that term is defined in the Code
 - The disclosure of, and approval of all outside business activity of any employee (prior to participation in the activity)

We will provide you with a copy of our Code upon request. You may request a copy by telephone from our Chief Compliance Officer, Cheryl A. Kotlarz, at 248.593.1500 or via email at ckotlarz@seizertcapital.com.

ITEM 12: BROKERAGE PRACTICES

Typically, Seizert has full discretionary authority over your account assets. As described in Item 4 above, we have investment discretionary authority.

In addition, we have brokerage discretionary authority. This means that we have the discretion to select the broker-dealer to use for your account transactions, including the negotiation of the price and the negotiation of commissions on a transaction-by-transaction basis unless directed by you to a specific broker-dealer.

As a result, we conduct ongoing due diligence on a number of brokers, dealers and prime brokers that have explicit expertise in equity securities. Our assessment creates an internal “approved” list of approximately 20 brokers-dealers that we utilize for your execution services. These brokers or dealers may include those firms who also provide custodial services to Seizert’s Clients.

Selection or Recommendation of Brokers

As a fiduciary, we are obligated to seek best execution for our Client transactions. While this term is widely used in financial services, “best execution” is not a defined term. Generally, best execution means obtaining the best possible combination of:

- Price
- Commission
- Service (confidentiality of our transaction)
- Ability to negotiate
- Reputation and expertise of the broker

As a result, we are not per se, under any duty or obligation to seek advance competitive bidding for the most favorable commission rate available for a particular transaction, or to select any broker solely on the basis of its purported or posted commission rates.

We take reasonable steps to be aware of the current level of charges of eligible brokers and to minimize the transaction expenses incurred, to the extent consistent with the interests and policies of Clients.

Although we generally seek competitive commissions, we will not necessarily pay the lowest brokerage commissions. Transactions may involve specialized services on the part of a broker and may entail higher commissions as a result.

In determining the ability of a broker or dealer to provide our Clients and us the best execution for securities transactions, we consider a number of factors, including (but not limited to) the following:

- Execution capabilities necessary to the transaction
- The importance of speed, efficiency and confidentiality
- The broker’s apparent familiarity with liquidity sources from which or to which particular securities may be purchased or sold
- The reputation and perceived soundness of the broker or dealer

We place trades for the purchase and sale of securities through a centralized trading desk. Our traders have the expertise and freedom to select brokers for each transaction we place on your behalf unless specifically directed otherwise. Brokers or dealers are selected on a trade-by-trade basis based upon their ability to provide best execution.

We evaluate and “recommend” through our use of the brokers approximately 20 brokers-dealers or custodians to our Clients. The approved broker list is subject to change by Seizert at any time and for any reason.

Soft Dollars

Seizert utilizes research and research related products and other brokerage services on a so-called soft dollar basis. Soft dollars mean that we use a portion of your commissions to pay for services we have determined are beneficial to us in the management of Client accounts.

However, the use of your commissions to pay for services is a potential conflict of interest between our economic interests and yours. This is because we derive the benefit without having to pay for the research product or service by check or cash. We may have an incentive to select, use, or recommend these brokers to continue our receipt of these services.

To mitigate the potential conflicts present with the use of soft dollars, we have developed and implemented policies, procedures, and transaction monitoring. Monitoring is conducted on a formal basis at least quarterly. During each calendar quarter, we monitor a number of data points to look for exceptions to standard practices including commissions and execution prices.

The broker through either a verbal or an informal agreement provides research services. The broker provides either internal or third party research or execution services. Seizert has no written agreement or obligation to direct any portion of brokerage activity to a broker providing soft dollar services, however, if we do not meet the expected thresholds we may not receive a continuation of the services.

Certain soft dollar brokers we use provide statistical and/or attribution services and may state explicitly, in advance, the amount of brokerage trading activity (commissions) they require per calendar year for us to continue to receive the services.

As a result, we carefully monitor the value of the services provided by any broker coupled with our (and the broker’s) obligation of achieving best execution for all transactions a broker places, including those instructed by Seizert on your behalf. Written or formal agreements for soft dollar or execution services would undermine the objectivity we need when assessing and placing transactions for your account. As a result, the continuation of our receipt of products or services is dependent upon our continual use of those brokers, subject to our monitoring and assessment of best execution by those brokers.

Through our use of soft dollars, you may pay commission charges on transactions that are higher than a broker would charge that did not engage in soft dollar relationship with us. We use

soft dollar brokers only when we have determined that the commission charged by the brokers is reasonable in relation to our assessment of the value of the brokerage or research services we receive. We are not required to place or to attempt to place a specific dollar value on the brokerage or research services provided. At times, we may direct brokerage transactions to a specific broker-dealer in return for research. The research received may not be useful to all Clients who participated in the transactions. In those situations, we will review the execution by the broker-dealer to ensure that the brokerage commissions paid by those Clients who do not benefit from the research are reasonable.

All soft dollar brokerage or research services we receive are in compliance with the soft dollar safe harbor under Section 28e of the Exchange Act, as amended. Should we utilize products or services that have a mixed use (research or non-research) they will be assessed on a good faith basis by Seizert's internal professionals; with the non-research portion paid by Seizert in hard dollars.

Commission Sharing Arrangements

Another form of soft dollars is commission sharing arrangements, or CSA. A CSA occurs where an executing broker will reserve a portion of our Client's transactions in an internally monitored account at the broker. Upon our explicit instruction (for example, the delivery of an invoice from Seizert), the broker will pay the invoice and utilize the commission dollars in the CSA to do so. CSAs are agreed to by the broker and Seizert with the understanding Seizert will direct the broker to pay certain invoices for brokerage or research services pursuant to the section 28e safe harbor.

Your commissions may be used to pay for research and execution services received by Seizert which may be useful to all or some of our Clients but not necessarily those Clients involved in any particular transaction.

Brokerage for Client Referrals

Directing brokerage in exchange for Client referrals is currently a prohibited practice at Seizert. To do so would circumvent the Cash Solicitor Rule under the Advisors Act and would create a potential conflict of interest that could not be adequately mitigated. Although we appreciate the introduction to Seizert; the direction of brokerage activity for Client referrals is inconsistent with our fiduciary obligations.

You should realize that brokers who may introduce us to prospective Clients are also some of the approved brokers that we utilize. However, our use and continued use of these brokers does not include an assessment of the Clients or amount of assets they have introduced to Seizert. We maintain an objective assessment of the brokers-dealers or custodians used for Client transactions.

Directed Brokerage

We do not recommend, request or require that a Client use a specified broker-dealer or custodian. However, from time to time, Clients may direct or request us to use a particular broker-dealer to execute transactions.

When this occurs, you should understand that the direction of a particular broker-dealer is a limitation on our brokerage discretionary authority. As a result:

- We are not in a position to negotiate the commissions or spreads for you
- A disparity may occur in commission or transactions costs when compared to Clients who do not direct us to use a broker
- Your transactions will not be aggregated or blocked together with those of our non-directed accounts, and
- Best execution for your account and transactions may not be achieved due to higher commissions, greater spreads or less favorable prices than may be realized if we had the ability to select the broker-dealer and negotiate price and commission.

In directing us to use a broker or dealer for your transactions, you represent that you have evaluated the broker-dealer and confirmed to your own satisfaction that the broker-dealer will provide you with the best execution.

When requested by an Institutional Client in writing, Seizert may direct a portion of a Client's trading to the broker-dealer the Client has selected for their "commission recapture" program. The Client will determine the overall percentage of brokerage to be directed.

Directed brokerage may have a negative impact on performance, as commissions may be higher than those charged to our other Clients. In addition, executions may be at prices different from those of our Clients who do not direct us to use a specific broker or dealer.

Block Trading/Aggregation of Trades

As an equity investment advisor, we are often in the position of buying or selling the same security for a number of Clients at approximately the same time. For certain securities (small capitalization or mid-capitalization equities), we may have to do extended purchase or sale block transactions to ease into or out of a position due to the issuer's trading volume and the ability to impact the market and market price of the security. As a result, the prices obtained on such transactions may vary substantially.

All Client accounts participating in the same block will receive an average price calculated by the broker when multiple executions occur.

We believe that block trading provides us the ability to receive the best (negotiated and averaged) price for a security. The price shown on your confirmation report from the executing broker is the average execution price for the block transaction.

In certain situations, blocked orders entered by us may not be completely filled, and in such event we may pro-rate the completed portion of the order to ensure that all Clients participating in the blocked order will receive an allocated portion of the completed transaction. In other circumstances, when the full block is not completed, and where block participants receiving a pro-rated portion of their participation is very small (making the pro-rata allocation impractical), we may allocate shares on another basis (which is fair and equitable). For example, shares may be allocated on a random or cash available basis.

Difficult block trades may be worked for several days or even weeks, to acquire or liquidate a full position. Typically, each original block will be documented and then the amount acquired each day will be averaged price to participating accounts, and the trade re-entered the next day at the net (remaining amount) until the position is fully acquired or liquidated.

Trade Rotation

As of February 1, 2016, we have amended our trade rotation policies and procedures, which are designed to treat Clients fairly and equitably over time. We segregate accounts based on our ability to determine, on a discretionary basis, broker selection and trading execution. Seizert's revised trading rotation policy is as follows:

All full discretionary accounts will be traded before any other accounts. These are separate accounts where we have full discretion over broker selection and trading execution. Trades for discretionary accounts are aggregated and traded in a block as described in more detail above. After the trades are filled, we will place trades for all other accounts where we have either partial or no discretion. These are separate accounts which are either on a platform which executes trades communicated by us or directed brokerage relationships where we must execute the trades through a pre-identified broker. Within this group, we will rotate trading based upon an alphabetical/counter-alphabetical rotation of the broker/dealers, as we have historically done.

Trade-away

Clients whose accounts are custodied at a directed broker may have a "trade-away" fee imposed by that custodial broker on any trade that Seizert places on behalf of the account with a broker dealer other than the custodial broker. While Seizert believes a trade away will benefit all Clients participating in the block, especially with small-volume trades, it may be difficult to quantify the potential price improvement. In certain situations, the trade-away fee may outweigh the benefit when smaller quantities are executed.

Step-out

Another method Seizert may employ to potentially improve the execution it obtains while trading is the use of a step-out transaction. In a step-out transaction, Seizert will block directed trades together. The trader will instruct the executing broker-dealer of our choice to execute the entire block. The executing broker-dealer will then "step-out" a portion of the trade to your directed broker to settle the trade. This allows directed brokerage accounts to participate in larger block transactions and get the same execution price while still paying the directed broker commission. While it may be difficult to quantify the actual improvement in execution that results from step-out trades, Clients benefit from participation in block transactions.

Trade Error Correction

As your fiduciary, we have procedures in place to review and correct any errors that we make in your accounts. Simply, if we caused the error and there is a loss in your account, we make you whole by correcting the error and making a payment to your account to cover the losses.

If a profit is made in your account, you are typically entitled to the profit, unless the error is a result of an investment restriction you placed on the account. In this situation, you will direct us to remove the error (and make the account whole as if the trade did not occur), or you instruct us to keep the error in your account.

Seizert does not maintain an error account at any broker or dealer. However, for accounting purposes, brokers or dealers may create and maintain an error account in Seizert's name for their processing of debits and credits related to errors caused by the broker or custodian.

If the broker, custodian, or other third party caused the error, they will be responsible for making you whole in the case of losses. If Seizert and others share the responsibility, we will work together to ensure we all pay our portion of losses and make you whole.

We work very hard to identify trade errors prior to settlement; however, we may not always do so. We correct trade errors through a cancel and rebill process (cancellation of the error trade and rebilling to the corrected transaction).

Best efforts are made to resolve all errors in a timely manner. Errors are documented and reviewed by the Chief Compliance Officer.

Valuation

Seizert Capital Partners utilizes, to the fullest extent possible, recognized and independent pricing services and/or qualified custodians for timely valuation information for advisory Client securities and portfolios. SCP has adopted policies and procedures to review pricing and the valuation of illiquid or unpriced securities.

ITEM 13: REVIEW OF ACCOUNTS

Ongoing Reviews

Most of our Clients are invested in accordance with one of our strategies. Model portfolio holdings are evaluated within each strategy on an ongoing basis by the portfolio manager. Portfolio weightings and allocations within the model portfolio are also reviewed by the portfolio manager as buy and sell decisions are determined and implemented.

Client portfolios are modeled against the strategy portfolio as buy and sell decisions are implemented. Client portfolios are checked electronically daily via an automated system to ensure compliance with Client investment objectives, guidelines and restrictions. Exceptions or outliers are reviewed by the Chief Compliance Officer. Exceptions are typically due to Client imposed restrictions or cash flows in the account.

Periodic Reviews

There are a number of events that trigger additional reviews which would be performed by the Managing Partner or a Portfolio Manager. These include but are not limited to the following:

- Cash flows trigger a review of holdings and sector weightings to ensure the account remains consistent with our model after the addition or request to raise / remove cash by a Client.
- Market fluctuations may prompt a review of portfolio weightings which will be rebalanced accordingly.

Annual Reviews

We recommend each Client meet (either in person, by telephone or other electronic means) with us at least once per year but reviews may be done at your discretion.

Reports

Broker dealer / custodial reports: Clients and/or your designated agents should receive *directly* from your independent, third party qualified custodian a monthly account statement that details security positions, current value, cost basis, expected yield and all debits and credits to your account.

Seizert Reports: We provide our Clients, (except and participants in the CITs) a periodic report either monthly and/or quarterly. These reports are prepared from our portfolio accounting system and may include appraisals, purchases and sales, and realized gains and losses. In our reports, we may also include, on a quarterly basis market and economic updates.

You are encouraged to compare our reports with the custodial reports you receive from your broker or custodian.

Collective Investment Trusts: Investors in the Collective Investment Trusts managed by us may receive reports from the trustee of the trusts.

ITEM 14: CLIENT REFERRALS AND OTHER COMPENSATION

We entered into a marketing services agreement with our affiliate, NLCG Distributors, LLC (NLCGD) under which we pay Pacific Current Group (formerly Northern Lights Capital Group) for referring Clients to us. In addition, a portion of the compensation we pay to our marketing employees is based upon new Clients they refer to our firm. If PAC or one of our employees refers you to us, they will disclose to you their affiliation with our firm at the time of the referral. New business brought to Seizert by an employee may increase an employee's total compensation. However, we do not employ individuals whose sole compensation is based upon the amount of business brought to us.

ITEM 15: CUSTODY

Seizert's affiliated broker-dealer does not provide custodial services and Seizert does not otherwise have an affiliated custodian. We do not accept cash or securities for deposit. We have procedures in place to direct employees regarding the process to follow if the firm inadvertently receives Client property.

Technical Custody: We are deemed to have custody of Client funds or securities as we request the direct deduction of our management fees from some custodial accounts as authorized in the agreement (See Item 4 above). This does not cause us additional disclosure or procedural requirements, except as documented in this Brochure and in the agreement we have with you.

Clients should receive at least quarterly statements from their broker-dealer, bank, or other qualified custodian. While we normally provide our Clients with regular periodic statements of their account's status and performance, we encourage our Clients to compare the information contained in the statements we provide with the information that each Client receives from the custodian of their account. Our statements may vary from custodial statements based on a number of factors including custodial pricing issues, dividends due but not yet paid or fixed income accrued interest due or payable.

Important: If you do not receive your account statements directly from your custodian, please contact your custodian and/or Seizert. It is important that you receive your account statements directly from your independent, third party qualified custodian.

ITEM 16: INVESTMENT DISCRETION

For HNW and Institutional Clients:

As disclosed in Item 4, we provide services only on a discretionary basis. This allows us, consistent with your investment objectives and needs, to purchase, sell, or hold securities in your accounts without obtaining your consent to the transactions. Our investment discretionary authority (and any imposed limitations) is documented in the written agreement we have with you.

You may place limits on our investment discretionary authority. We reserve the right not to accept an account or to terminate an account if we believe your requested investment

restrictions are too broad and would limit our ability for proper security selection or diversification.

All restrictions are required to be in writing and agreed upon by both parties. You may modify your restrictions at any time, in writing. Modifications are not implemented until approved by and agreed to by Seizert.

Sub-Advisory:

We provide advisory services pursuant to the agreement we have with each UMA. The UMA sponsor retains full discretion.

Collective Investment Trusts:

We provide discretionary investment management to the trustee of certain collective investment trusts or CITs. We provide advice with respect to the selection, monitoring, and replacement of the collective investment trust's underlying investment options.

ITEM 17: VOTING CLIENT SECURITIES

Seizert has adopted and implemented policies and procedures that we believe are reasonably designed to ensure that proxies are voted in the best interest of Clients, in accordance with our fiduciary duties and SEC rule 206(4)-6 under the Investment Advisors Act of 1940. Our authority to vote the proxies of our Clients is established by our advisory contracts or comparable documents, and our proxy voting guidelines have been tailored to reflect these specific obligations. In addition to SEC requirements governing advisors, our proxy voting policies reflect the fiduciary standards and responsibilities for ERISA. With respect to ERISA accounts, we will always vote proxies unless the plan documents specifically reserve the plan sponsor's right to vote its own proxies. If situations should arise where the interests of a Client may possibly conflict with our interests with respect to any shareholder proposals for which proxies are being solicited, we will request the Client's instructions with respect to the vote.

Clients may obtain a copy of Seizert's Proxy Voting Policies and information on how their securities were voted by contacting Seizert Capital Partners at (248)-593-1500 or info@seizertcapital.com.

ITEM 18: FINANCIAL INFORMATION

We are obligated to disclose any information related to Seizert's financial condition that would impair our ability to meet contractual and fiduciary commitments to our Clients, or if management persons or we have been the subject of a bankruptcy proceeding. As of the date of this Brochure, we do not have any event or proceeding to disclose under this item for our firm or any management person.

PRIVACY DISCLOSURE

The Securities & Exchange Commission (SEC) has adopted Regulation S-P which took full effect on July 1, 2001. This regulation requires the formal adoption of rules implementing notice requirements and restrictions on a financial institution's ability to disclose non-public personal information about consumers. A financial institution must provide its Clients with a notice of its privacy policies and practices at the beginning of the relationship or when an amendment is made, and must not disclose non-public personal information about a Client to non-affiliated third parties unless the institution provides certain information to the Client. Investment management firms registered with the SEC are subject to Regulation S-P.

Seizert Capital Partners strives to maintain your trust and confidence, an important part of which is our commitment to protect your personal information to the best of our ability. Therefore, we will not disclose your personal information to anyone unless it is required by law, at your discretion or is necessary to provide you with our services. We have not and will not sell your personal information to anyone.

Seizert Capital Partners collects and maintains personal information so we can provide investment management services to you. This includes the following:

- ❑ Information that we receive from you personally to open an account or provide investment advice (such as name, home or business address, telephone number, assets and income).
- ❑ Information about your portfolio with us (such as account balance, transactions, and account statements).
- ❑ Information we may receive from third parties concerning your account (such as confirmations and statements from brokerage firms).

In order to provide investment management services to you, we may share personal information in very limited situations that may include:

- ❑ Information to companies that perform services on our behalf (such as technology consultants who assist in maintaining our computer systems).
- ❑ Information to companies as permitted by law, including those necessary to service your account (such as providing account information to brokers or custodians).

To fulfill our privacy commitment, we have established firm-wide guidelines to safeguard the confidentiality, security, and integrity of your non-public personal information. We restrict access of information to employees based on their need to know in order to perform their job duties. We maintain physical, electronic, and other procedural safeguards to keep your personal information safe. Third parties who provide services for us are required to keep your information strictly confidential. Information of former Clients is protected to the same extent as our current Clients.

Addenda: Part 2B Brochure Supplements for Investment Professionals

Item 1- Cover Page

Part 2B of Form ADV: Brochure Supplement

**185 Oakland Avenue, Suite 100
Birmingham, Michigan 48009
248.593.1500
www.seizertcapital.com**

This brochure supplement is applicable to the following supervised individuals of Seizert Capital Partners LLC (“Seizert”) Seizert:

- **Gerald L. Seizert, CFA, CIC**
- **Edward O. Eberle, CFA**
- **David J. Collon III**
- **Thomas P. Kenny, CFA**
- **Andrew M. Jones**
- **Darin A. Young**
- **Paul C. Seizert**
- **Dan Nye III**

This document supplements the Seizert Capital Partners, LLC’s Part 2A brochure. You should have received a copy of that brochure. Please contact Cheryl A. Kotlarz (telephone: 248-593-1500; email: ckotlarz@seizertcapital.com) if you did not receive Seizert Capital Partner’s brochure or if you have any questions about the contents of this supplement.

Additional information about Seizert Capital Partners supervised persons is available on the SEC’s website at www.adviserinfo.sec.gov.

Summary of professional designations:

Chartered Financial Analyst:

To earn the CFA charter, candidates must: 1) pass three sequential, six-hour examinations; 2) have at least four years of qualified professional investment experience; 3) join CFA Institute as members; and 4) commit to abide by, and annually reaffirm, their adherence to the CFA Institute Code of Ethics and Standards of Professional Conduct. Passing the three CFA exams is a difficult feat that requires extensive study (successful candidates report spending an average of 300 hours of study per level). The three levels of the CFA Program test a proficiency with a wide range of fundamental and advanced investment topics, including ethical and professional standards, fixed-income and equity analysis, alternative and derivative investments, economics, financial reporting standards, portfolio management, and wealth planning. Earning the CFA charter demonstrates mastery of many of the advanced skills needed for investment analysis and decision making in today's quickly evolving global financial industry. There are currently more than 90,000 CFA charter holders working in 135 countries. (**CFA Institute**)

Chartered Investment Counselor (CIC):

The CIC charter is a professional designation established in 1975 and awarded by the **Investment Adviser Association** (IAA). The Charter was designed to recognize the special qualifications of persons employed by IAA member firms whose primary duties involve investment counseling and portfolio management. A key educational component of the program is the requirement that candidates hold the Chartered Financial Analyst® (CFA®) designation, administered by CFA Institute (see above). In addition to successful completion of the CFA program, the CIC designation requires candidates to demonstrate significant experience (at least five cumulative years) in a position performing investment counseling and portfolio management responsibilities. At the time the charter is awarded, candidates must be employed by an IAA member firm in a such a position, must provide work and character references, must endorse the IAA's Standards of Practice, and must provide professional ethical information.

Gerald Lee Seizert, CFA, CIC, born 1952

Item 2 -- Educational Background and Business Experience

Education: University of Toledo, Toledo, Ohio, BBA in Finance (1975).
University of Toledo, Toledo, Ohio, MBA in Finance (1977).

Business: Managing Partner, Seizert Capital Partners, LLC, July 2000 to present.

Designations: Chartered Financial Analyst
Chartered Investment Counselor

Item 3 -- Disciplinary Information

Mr. Seizert has not been involved in any legal or disciplinary events that would be material to a client's or prospective client's evaluation of the supervised person.

Item 4 -- Other Business Activities

Mr. Seizert sits on the Board of Directors of the Guggenheim Investments Advent/Claymore Funds. He also serves as a Trustee for the Beaumont Hospital Finance and Investment Board.

Item 5 -- Additional Compensation

Mr. Seizert does receive compensation for involvement as a director of the Advent/Claymore Funds, but he does not receive any additional economic benefit from third parties for providing advisory services.

Item 6 -- Supervision

Gerald L. Seizert does not have direct oversight from any one individual at the firm. However, meetings are conducted regularly to review investment strategies, client portfolios, and to collaborate on our investment advice to clients. Operations and compliance related activities are monitored by our Board of Directors and Chief Compliance Officer, Cheryl A. Kotlarz. You may contact Ms. Kotlarz at 248-593-1500.

Edward Oscar Eberle, CFA, born 1968

Item 2 -- Educational Background and Business Experience

Education: Michigan State University, East Lansing, Michigan, BA in Finance (1990)

Business: Portfolio Manager and Partner, Seizert Capital Partners, LLC, January 2000 to present.

Designations: Chartered Financial Analyst

Item 3 -- Disciplinary Information

Mr. Eberle has not been involved in any legal or disciplinary events that would be material to a client's or prospective client's evaluation of the firm.

Item 4 -- Other Business Activities

He serves as a board member for the Finance Advisory Board – Broad College of Business at Michigan State University.

Item 5 -- Additional Compensation

Mr. Eberle does not receive any additional economic benefit from third parties for providing advisory services.

Item 6 -- Supervision

Gerald L. Seizert, Managing Partner, is responsible for the oversight of Seizert's supervised persons. Meetings are conducted regularly to review investment strategies, client portfolios, and to collaborate on investment advice to clients. Contact Mr. Seizert at 248-593-1500.

David J. Collon III, born 1974**Item 2 -- Educational Background and Business Experience**

Education: Lake Forest College, Lake Forest, Illinois, BA (1996)
Wayne State University, Detroit, Michigan, MBA (2003)

Business: Partner and Portfolio Manager, Seizert Capital Partners, LLC, October 2004 to present.

Item 3 -- Disciplinary Information

Mr. Collon has not been involved in any legal or disciplinary events that would be material to a client's or prospective client's evaluation of the firm.

Item 4 -- Other Business Activities

Mr. Collon acts as Trustee and sits on the Investment Committee for CATCH, a children's charity founded in 1987 by then-Detroit Tigers Manager Sparky Anderson.

Item 5 -- Additional Compensation

Mr. Collon does not receive any additional economic benefit from third parties for providing advisory services.

Item 6 -- Supervision

Gerald L. Seizert, Managing Partner, is responsible for the oversight of Seizert's supervised persons. Meetings are conducted regularly to review investment strategies, client portfolio, and to collaborate on investment advice to clients. Contact Mr. Seizert at 248-593-1500.

Thomas P. Kenny, CFA, born 1966

Item 2 -- Educational Background and Business Experience

Education: University of Detroit, Detroit, Michigan, BS-Economics (1989)
University of Detroit, Detroit, Michigan, MBA (1995)

Business: Partner and Portfolio Manager, Seizert Capital Partners, LLC, April 2011 to present.

Designations: Chartered Financial Analyst

Item 3 -- Disciplinary Information

Mr. Kenny has not been involved in any legal or disciplinary events that would be material to a client's or prospective client's evaluation of the firm.

Item 4 -- Other Business Activities

Mr. Kenny sits on the Lay Advisory Board of the PIME (Pontifical Institute for Foreign Missions) Missionaries. In addition, he is a member of the Investment Committee for the Archdiocese of Detroit.

Item 5 -- Additional Compensation

Mr. Kenny does not receive any additional economic benefit from third parties for providing advisory services.

Item 6 -- Supervision

Gerald L. Seizert, Managing Partner, is responsible for the oversight of Seizert's supervised persons. Meetings are conducted regularly to review investment strategies, client portfolios, and to collaborate on investment advice to clients. Contact Mr. Seizert at 248-593-1500.

Andrew M. Jones, born 1981

Item 2 -- Educational Background and Business Experience

Education: Bucknell University, Lewisburg, Pennsylvania, BA Economics (2004)

Business: Portfolio Manager, Seizert Capital Partners, LLC, September 2009 to present.
Partner, Seizert Capital Partners, LLC, January 2014 to November 2014.

Item 3 -- Disciplinary Information

Mr. Jones has not been involved in any legal or disciplinary events that would be material to a client's or prospective client's evaluation of the firm.

Item 4 -- Other Business Activities

Mr. Jones does not have any other outside business activity to disclose.

Item 5 -- Additional Compensation

Mr. Jones does not receive any additional economic benefit from third parties for providing advisory services.

Item 6 -- Supervision

Gerald L. Seizert, Managing Partner, is responsible for the oversight of Seizert's supervised persons. Meetings are conducted regularly to review investment strategies, client portfolios, and to collaborate on investment advice to clients. Contact Mr. Seizert at 248-593-1500.

Darin A. Young, born 1983

Item 2 -- Educational Background and Business Experience

Education: Michigan State University, East Lansing, Michigan, BA in Finance (2006)
Cornell University, Ithaca, NY, MBA in Capital Mkts and Asset Mgmt. (2014)

Business: Portfolio Manager, Seizert Capital Partners, LLC, April 2016 to present
Investment Analyst, Seizert Capital Partners, LLC, July 2014 to April 2016
Intern, Seizert Capital Partners, LLC, September 2013 to July 2014
Investment Analyst, American Century Investments, June 2013 to August 2013
Senior Analyst, Ernst & Young, January 2011 to June 2012

Item 3 -- Disciplinary Information

Mr. Young has not been involved in any legal or disciplinary events that would be material to a client's or prospective client's evaluation of the firm.

Item 4 -- Other Business Activities

Mr. Young does not have any other outside business activity to disclose.

Item 5 -- Additional Compensation

Mr. Young does not receive any additional economic benefit from third parties for providing advisory services.

Item 6 -- Supervision

Gerald L. Seizert, Managing Partner, is responsible for the oversight of Seizert's supervised persons. Meetings are conducted regularly to review investment strategies, client portfolios, and to collaborate on investment advice to clients. Contact Mr. Seizert at 248-593-1500.

Paul C. Seizert, born 1983

Item 2 -- Educational Background and Business Experience

Education: University of New Hampshire, Durham, New Hampshire, BA in Finance (2005)
University of Maryland, College Park, Maryland, MBA in Finance (2014)

Business: Product Specialist, Seizert Capital Partners, LLC, July 2015 to present
Investment Analyst, Seizert Capital Partners, LLC, July 2014 to July 2015
